

STAYING CONNECTED COVID-19 PRECAUTIONS, March 2022

Staying Connected holds the health and safety of our Members and Volunteers as a top priority. The following are the revised protocols and safety precautions:

Everyone is encouraged to follow current CDC guidelines and do what is appropriate for him/her and his/her personal health.

For any situation when a Volunteer and Member will be in direct contact:

- Members or Volunteers who have symptoms associated with the virus should not request or provide any service.
- When scheduling a service or intake, the Volunteer shall ask the Member for their preference regarding wearing face covering and social distancing. If the Member requests face covering and social distancing, the Volunteer shall comply with the Member's preference.
- Likewise, if the Volunteer desires face covering and social distancing, the Member must be asked to comply with the request. If the Member refuses, the Volunteer shall cancel themselves and inform the Member that another Volunteer will contact them to fulfill the request.
- The Volunteers are reminded to carefully check a Member's vaccine status on the Vic Net before scheduling themselves for services.
